Step 3 Press and hold the "Setup" button on the remote until the TV mode button blinks two times. Release the "Setup" button. Step 4 Enter the fourdigit code for your television brand. The codes are found in the Cox Universal Remote Control Users Manual link in References. If more than one code is listed, use the first one. The TV mode button will blink two times if you performed the previous steps correctly. If it comes on and stays on, repeat Steps 2 through 4 with the same code. Press the "Power" button on your remote. Your TV should turn off. If it does not, repeat Steps 2 through 4 with the next code for your brand of television. References Cox Support Cox Universal Remote Control Users Manual Tips If none of the codes work, or if you do not have a list of the codes, perform Steps 1 through 3, then press "991," and wait for the TV mode button to blink twice. Press the "Power" button, and then the "TV" mode button slowly. Continue alternating between the two until the TV

turns off. Press the "Setup" button on your remote. Your remote is now programmed to control your television.
